### Claims paid every 30 days

Claims are paid by BACs at the end of each month, subject to all required information being submitted, by the 20th day of the month. Information submitted after this date will be paid at the end of the following month.

For long-term claims, you won't wait to receive your payments. Monthly interim payments are made with no need to chase us!

### Supporting information

We keep this to a minimum. We'll do our best to request as little information as we can, and accept your declaration for most conditions rather than having to ask absent staff members for additional documents.

Information should be submitted to Education Mutual within 30 calendar days. We can even send you reminders to ensure you don't miss out!

### Wellbeing Hub

Member schools can access advice and guidance on workplace health issues via our Wellbeing Hub.

It provides guidance and information in areas such as managing absence, presenteeism, workplace health promotions and managing return to work.

### New employee assessments

A new employee is requested to complete a New Employee Questionnaire (NEQ).

A Specialist Occupational Health Practitioner (SOHP) considers any underlying medical conditions and issues a fit-for-work certification. The service supports the employers' obligations under the Equality Act 2010.

### Deloitte.

Members get exclusive, reduced rates on Deloitte Legal services.

The employment team at Deloitte Legal work directly with schools to:

- Deal with employment litigation
- Liaise with trade unions
- Manage their litigation risk to resolve matters quickly
- React to adverse events when they occur in order to minimise the damage
- Monitor potential employment law risk

### Occupational Health Assessments

These can be requested by employers at any stage of the absence management process.

An assessment is conducted by a specialist occupational health practitioner who the schools can contact prior to the assessment. The aim of the assessment is to provide advice on an employees fitness for work and recommend reasonable adjustments.

### Support line

We provide direct access to a support line where managers can discuss the appropriateness of a management referral, get advice on questions to ask prior to making a referral and discuss any points raised in the final report which may require clarification.

**owed over £30,000.**

Working with Education Mutual as an ethical provider, we have never had any issues in claims reimbursements".
